WILLFUL INFRINGEMENT FOR PROFIT—Any person who willfully and for profit shall infringe any copyright secured by this title, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year or by a fine of not less than \$100 nor more than \$1,000, or both, in the discretion of the court.

PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

HILL DIRECTORY CO., Publishers

INTRODUCTION and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1960 edition of the Windsor City Directory, which includes Aulander, Bertie, Colerain, Lewiston and Rural Route Residents.

This is the first Hill Directory of Windsor, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Windsor's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Windsor to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the Windsor Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Windsor, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Windsor, Aulander, Bertie, Colerain and Lewiston, and the name, official personnel, nature and address of each firm and corporation in the community.

HOGGARD OIL CO.

Main at Windsor St., Aulander, N. C.

(See Yellow Page 56)

TEL. 2441

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Windsor and vicinity.

There are more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which Hill Directory Co., Inc. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

WINDSOR

(Courtesy Bertie County Rural Development
Industrial Committee)

Statistical Review

Windsor is the county seat of Bertie County and is located in the central part of the county. Transportation afforded by US 17 and US 13, NC 308 and NC 305 makes this an excellent town for new industry.

Population—1950, 2,463; 1958, 2,987.

Administration—Mayor and five town commissioners.

Elevation—10 feet.

Climate—Mean annual temperature 60.2 degrees F; Average annual rainfall 47.62 inches.

Financial Data—1 bank with total resources of \$5,500,000 (June 1959)

Churches—Baptist, Methodist, Episcopal, Holy Pentecostal and Catholic.

Civic and Fraternal Organizations—Rotary Club, Woman's Club, Chamber of Commerce, Junior Chamber of Commerce, Junior Woman's Club, Masonic Lodge, Community Council.

Industry Operating—Lea Lumber and Plywood Co., Inc.; Stubbs Veneer Mill, veneer; Coulbourn Lumber Company, lumber; Thompson Lumber Company, lumber (cypress specialty); Gillam Brothers, peanut shellers and cleaners and cotton gin; Rhodes Lumber Company, lumber; Carolina Cooperage Company, cooperage material; Blue Grass Cooperage Company, cooperage material; Coulbourn Building Supply Company, building supplies; and Whitehead Milling Company, feed mill and livestock market.

Industrial Financing—The Windsor Industrial Corporation of the Windsor Chamber of Commerce will help to finance buildings for new industry.

Industrial Sites — Several choice industrial sites are available near Windsor on highways US 17 and US 13, NC 308 and along the Cashie River as listed on the site map.

Labor Supply—Ample both skilled and unskilled.

Newspapers—1 weekly.

Hotels and Motels—One hotel and five motels provide tourist accommodations in the county. Most of these are in or near Windsor on US 17 or US 13. These facilities have a combined total of 110 comfortable and moderately priced rooms.

Police and Fire Protection—Police force, five members; fire department, 38 members, two trucks.

Recreation—Golf course, country club, swimming pool, community building, lighted athletic field, tennis courts and the Cashie River offer excellent recreational opportunities.

Health Facilities—The Bertie Memorial Hospital, located in Windsor, is a modern 50-bed hospital. The staff includes

HOGGARD OIL CO.

Main at Windsor St., Aulander, N. C.

(See Yellow Page 56)

TEL. 2441

6 physicians, a surgeon, 11 nurses, 20 nurses aides and 6 licensed practical nurses.

Schools—One high school (white), enrollment 178; one high school (colored), enrollment 518; one elementary school (white), enrollment 509; one elementary school (colored), enrollment 652.

Sewerage — Gravity Flow Cashie River (new disposal system being planned).

Town Tax Rate—\$1.25 per \$100 assessed valuation.

Transportation—Carolina Southern Railroad, (freight); Highways US 17 and US 13, NC 308 and NC 305 provide excellent routes for motor freight; barge and tanker transportation is available to Windsor on the Cashie River.

Water Supply—Two deep wells—pumping capacity 720,000 gallons; storage capacity, 166,000 gallons; rate, all over 35,000 gallons, 10 cents per 1,000. Supply adequate to serve additional industry.

County Resources Description

Bertie County is located in the northeastern part of North Carolina in the Coastal Plain section. The northern boundary of the county is approximately 20 miles south of the Virginia state line. The topography of the county is level to gently rolling. The county has a total land area of 682 square miles. It covers 461,400 acres of which 20,600 acres is water-covered area.

The Roanoke River is the southern boundary of the county and the Chowan River is the eastern boundary. The Cashie River extends from Windsor to the Albemarle Sound. All of these rivers are navigable. They offer an excellent surface water supply for industry. They also provide good recreation in the form of fishing, boating and swimming. The elevation throughout the county ranges from 0 to 100 feet.

The county is primarily agricultural, with 85,136 acres of harvested cropland. The principal crops grown are tobacco, peanuts, cotton, corn and soybeans. The soils of the county are well suited for their production. These crops, and livestock and timber, provide an abundant supply of agricultural commodities for processing.

The county is served by a network of paved roads, including two Federal highways, US 17 and US 13. These highways are excellent for motor freight transportation.

There are 10 incorporated towns in the county. They are Colerain, Powellsville, Kelford, Aulander, Roxobel, Bertie, Windsor, Woodville, Lewiston and Askewville.

The existing industry consists of timber and wood processing plants, farm equipment manufacturing, peanut shelling and cleaning, cotton ginning, seafood processing and beverage manufacturing.

History

The virgin pines and the native Tuscarora Indians of Bertie County were first seen along the banks of the Roanoke and Chowan Rivers by explorers from Sir Walter Raleigh's Colony at Roanoke Island. In 1585 Ralph Lane, governor of the Roanoke Colony, reported the newly discovered lands of what was later eastern Carolina, as "the goodliest soil under the cope of heaven," abundant in game and fish and that "no realm in Christendom were comparable to it."

The first permanent settlers in the county, however, drifted down from the Virginia Colony seeking the rich bottom lands along its rivers. It is evident that the first inhabitants were living here long before Charles II created Carolina for his friends, the Lord Proprietors, in 1663. One of the earliest attempts at organized colonization in Bertie was the Roger Green settlement in 1653.

When the Albemarle County was created it was divided into precincts. The territory which is now Bertie then formed a part of Shaftesbury Precinct, which later became known as Chowan. Bertie remained a part of Chowan until 1722, when it was officially created as a precinct, and named for two of the Lord Proprietors, James and Henry Bertie. Bertie, before it became a precinct, was known as the West Shore because it lay west of the Chowan River.

The first county seat was located at St. John's, now in Hertford County. It was later moved to Wolfenden (Hogwards Mill), two miles from Windsor. Then Windsor was made the county seat. In 1768 a courthouse was erected. The building was used until 1887, when the present courthouse was built.

From 1655 until now, Bertie has provided many leaders, including colonial governors, patriotic leaders, state governors, military leaders, college presidents, authors and artists.

Colonial Bertie County was divided into two parishes by the Church of England; the Southwest Parish and the Northwest Parish. When Northampton County was formed the Northwest Parish went with it. The Southwest Parish changed its name to Society Parish in honor of the Society for the Propagation of the Gospel in Foreign Ports.

Since its very beginning Bertie has always been an agricultural county. In its early days it produced a large amount of turpentine from its vast pine forests. In 1850 a list of its products included 2,800 bushels of wheat, 545,000 bushels of corn, 2,100,000 pounds of cotton, 12,300 pounds of wool, 26,000 barrels of fish and 22,500 barrels of turpentine.

The county is taking forward steps in agricultural and industrial development. Agriculture is well organized and progressive methods are being used by the county farmers who live on "the goodliest soil under the cope of heaven" between the Roanoke and Chowan Rivers.

Local groups and organizations are working to promote new industry in the county. Special emphasis is being put on industries utilizing the vast amount of raw materials available.

"**r**"—RESIDENT

"**h**"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "**r**," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "**h**" stands for "Householder"—the person in whose name the home is occupied.

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the
principles set forth in this statement)

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment are listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows; Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word "street" is not used in addresses. Where a designation "av," "cir," "ter," etc. does not appear, the designation "st" is understood.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? To protect your company from forgers and bad-check artists. A few questions checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? To protect your company from forgers and bad-check artists. A few questions checked against City Directory for this edition, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and blood made some cities "too sharp" for bad-check "operators."

HILL'S WINDSOR

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1960

Including Aulander, Bertie, Colerain
and Lewiston

Copyright, 1960, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass, are shown opposite names.

Figures in parenthesis denote old numbers.

The word "street" is not used in addresses. Where a designation "av," "cir," "ter," etc. does not appear, the designation "st" is understood.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip the forger at the moment he is in the act of passing his check. The City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
